

BOROUGH OF WILMERDING  
MINUTES FROM FEBRUARY 1, 2022 WORKSHOP

6:30 PM – Condemnation hearing for property located at 128 middle Avenue. **MEMBERS VOTED APPROVAL, 7-0.**

**ENGINEER – D. GILLILAND:** CD47 bid opening was today for the Station Street sidewalk grant. There were 7 bids received, 1 was incomplete so the low bid was from Satira Construction in the amount of \$31,622.50. The grant is for \$28,018 so that would leave the Borough share at \$3,604.50. A motion would be in order during the meeting to award this grant. For the State Blight Removal grant, a notice to proceed has been issue for demolition of 474 Airbrake and 448 Card. The Act 152 Demolition for 428 Airbrake, 126 Middle and 128 Middle will begin as well. For the Ice Plant Hill water problem, East McKeesport has applied for a GEDTF grant which was denied and a CD 48 grant that is still pending. The GTRP application is open with a deadline of May 31, 2022. Let me know if you would like to change anything from the previous grant. DJ Demo was ready to start but I was notified that we need Environmental reviews done before he can begin. The inlet on Frank/Wood was awarded to Naccaratti Contracting and will begin this week.

**S. VOLPE:** did you contact the Bureau of Mines about the water?

**D. GILLILAND:** We did not as it did not resemble mine water, but I will look at the mines map. WPJWA has been out and they tested it and stated it is not their water.
